

Who We Are:

The Java DeLight Café is a private, upscale restaurant nestled in the South DeKalb community inside of the Trinity Office Park. Our goal is to always provide exceptional customer service and quality meals to all of our guests. We are open to the public on weekdays for breakfast and lunch. The evening hours and weekends are reserved especially for you and your private event. Since we opened in 2007, we have seen our café transformed into gorgeous wedding receptions, quirky birthday parties and dollhouse baby showers. Let your vision flow onto our stunning canvas.
